THE BRAND

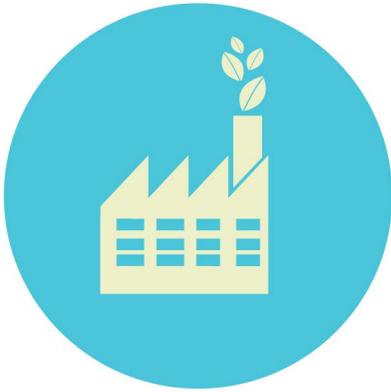

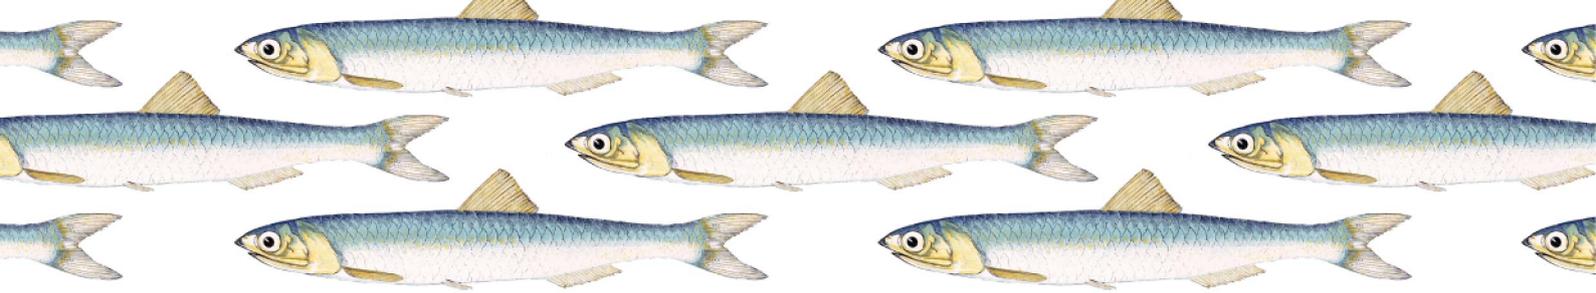

Our products are available under our own brands, **Seastar** for dried seafood product line and **Phinisea** for flying fish roe product line and **Laukoe** for local product. We are also open to the use of our customers' private labels to their market needs.

CERTIFICATE

Our products are produced in a processing facility by implementing food processing standards that comply with international standards, such as GMP (Good Manufacturing Practices) and HACCP (Hazard Analysis and Critical Control Point) as the main basic standards in food processing.

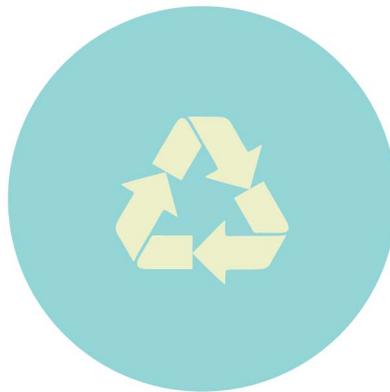

QUALITY

We set the standard for the industry at large and this begins with the highest quality product on the market. We preserve the integrity of the products we serve with no additives.

RESPONSIBILITY

Committed to building and maintaining trust between fishermen, suppliers and customers - we uphold our responsibility to protect the relationships we build

SUSTAINABILITY

We are constantly focused on how we live side by side with the ocean. We continually seek out the best natural resources while promoting sustainability to protect our resources.
